June 2020 Newsletter

Upcoming Meetings:

HAVE A SAFE SUMMER!

September 11: Public Service Panel

Highlights from the June Meeting:

The meeting was called to order at 7:45 via Zoom by club president David Spoelstra, N9KT. There were 21 in attendance.

Announcements:

Club dues are payable to club treasurer, Mark Burke, W9MGB.

The September meeting will be the Public Service Panel that was originally scheduled for March.

W9IMS Special Event Station operating starting June 29 through July 5 for the Indy Grand Prix and Brickyard 400. Contact David Spoelstra, N9KT, if interested in operating. Reminder that the Indy Hamfest is canceled for 2020.

The Auburn Hamfest is still scheduled to happen on July 11, 9-5. More info later in newsletter.

We don't know if Ivy Tech will open the buildings in the fall. Looking for alternate meeting sites if needed. Open to suggestions for free or very reasonable facilities.

Field Day June 27 1800 UTC through 2059 UTC June 28.

Home Stations with commercial AC are class D

Class D stations can work other class D Stations this year.

Also “distributed clubs”, submit individual log with “Indianapolis Radio Club”, exactly as that, as the club.

The Indy United club will be operating from 6675 Red Day Road, Martinsville.

Also, HCARS in Hendricks County will be operating from the Hendricks County Fairgrounds.

Madison County is operating class F from their EOC.

No club meeting in July or August. Look for emails from the club regarding upcoming meetings.

Next, David introduced Jeff Hammer, N9NIC, who gave a talk on N3FJP software, for use in Field Day logging. N3FJP is not free, but reasonably priced (\$8.99 per program, or \$49.99 for all modules). Jeff showed and explained several N3FJP screens.

Meeting adjourned at 8:25.

Ham Radio News:

INDIANAPOLIS RADIO CLUB FIELD DAY CANCELED

The Indianapolis Radio Club is canceling its Field Day effort at Legion Post 500 this year.

If you are still interested in an in-person Field Day event, some IRC members will be operating here: Indy United ARC, 6675 Red Day Road (near Centerton, IN), Martinsville, IN. They will have a GOTA station and the contact is: Brian D. Smith w9ind@arrl.net <https://www.facebook.com/IndyUnitedFieldDay/>

Otherwise, the ARRL has made accommodations for hams staying at home this year:

1) For Field Day 2020 only, Class D stations may work all other Field Day stations, including other Class D stations, for points.

Field Day rule 4.6 defines Class D stations as “Home stations,” including stations operating from permanent or licensed station locations using commercial power. Class D stations ordinarily may only count contacts made with Class A, B, C, E, and F Field Day

stations, but the temporary rule waiver for 2020 allows Class D stations to count contacts with other Class D stations for QSO credit.

2) In addition, for 2020 only, an aggregate club score will be published, which will be the sum of all individual entries indicating a specific club (similar to the aggregate score totals used in ARRL affiliated club competitions).

Ordinarily, club names are only published in the results for Class A and Class F entries, but the temporary rule waiver for 2020 allows participants from any Class to optionally include a single club name with their submitted results following Field Day.

If you wish to participate in the Indianapolis Radio Club score, please use the club name: “Indianapolis Radio Club” when you send in your entry.

All the Field Day information is located here: <http://www.arrl.org/field-day>

Thanks!
-David, N9KT

W9DXCC CONVENTION CANCELED FOR 2020

The board of directors for the Northern Illinois DX Association voted unanimously on May 19 to cancel this year’s W9DXCC convention due to the coronavirus pandemic and expected limitations in Illinois surrounding large gatherings this fall. Plans are already being made to book the 2021 convention at the Marriott in Naperville, where the 68th annual W9DXCC had been scheduled for Sept. 11-12.

For more information: <http://w9dxcc.com/>

AREA DX CONVENTIONS ANNOUNCED

For those of us that are looking ahead to “live”radio related events, two DX conventions have been announced that are within driving distance of central Indiana. The first of these is the W8DXCC event, presented by the Southwest Ohio DX Association, scheduled for August 29, 2020. This event is being held during the Milford Hamfest, in

Owensville, OH. For more details on this event, point your browser to <https://www.swodxa.org/w8dxcc/>.

The next event is a little more of a drive, but worth it if you like Tennessee. This is the W4DXCC event, scheduled for September 25 and 26, in Pigeon Forge, Tennessee. There is a Ham Radio Bootcamp event scheduled for the 25th, and the actual DX convention is the 26th. More information on this event can be found at <http://w4dxcc.com/w4dxcc-convention.html>.

As of the preparation of this newsletter, both of these events were still scheduled to happen.

AMATEUR RADIO LICENSE MAP

There is a cool little tool that was recently pointed out to me that lets you search for ham radio operators. You can search by callsign, grid square, zip code, or street address. It's handy to see where other hams are in your area, or if you drive by a house that has a big antenna farm, and wonder who it is. Point your browser to <https://haminfo.tetranz.com/map> to give it a try.

FIRST QSO TODAY VIRTUAL HAM EXPO ANNOUNCED

QSO Today host Eric Guth, 4Z1UG, announced that the first QSO Today Virtual Ham Expo will commence on August 8th and 9th, 2020, over a period of 48 hours. This virtual Expo is built on a live virtual reality platform commonly used by Fortune 500 companies and major universities. Attendance is free, and anyone can attend from their home or office.

Eric and his team, including George Zafiropoulos, KJ6VU, have assembled 50+ of the best ham radio mentors in multiple tracks to address this conference from the virtual Expo's auditorium. Icom has taken the lead as the Expo's Platinum Sponsor, along with Gold Sponsors RT Systems, FlexRadio, RFinder, DX Engineering, Elecraft, and GigaParts.

At the Expo, amateur radio operators will be able to:

- Learn from a packed line-up of renowned ham radio speakers such as Ward Silver, N0AX, on Grounding and Bonding; Glen Johnson, W0GJ, on DXpeditions, and John Portune, W6NBC, on building slot antennas for HOA.
- See demos of the latest ham radio equipment from the world's top equipment companies. Attendees can easily ask questions and engage with Exhibitors through video, audio, or chat.
- Share ideas and network with their fellow ham radio operators at any time throughout the Expo.

For more information go to www.qsotodayhamexpo.com

2021 INTERNATIONAL DX & CONTESTING CONVENTION ANNOUNCED

Formerly known as the Visalia DX Convention, the International DX and Contesting Convention will be a “virtual event” in 2021. Dates: Part 1: Friday, April 16-18 Part 2: Friday, April 23-25 Note: Each weekend will be a unique 3-day event, not duplicates
Formal Online Registration: Early 2021 – exact dates TBD. Check out their website at <http://www.dxconvention.com/> for more details.

SEND ME YOUR HAM RADIO NEWS

If anyone has any items for the newsletter, please send them to Ken Bandy at kj9b@arrl.net

Signals from the Past:

From the June * September 1950 *Amachewer*:

Several radio clubs over the country offer their services as ham station operators in reporting scores and results of simultaneous activities in various cities, such as swimming meets, chess matches, intercity golf tourneys, etc. Many of our fellows could help out in such activities if they were approached on the subject. Here's hoping the publicity committee can get something started.

Upcoming Area Radio Events:

- July 11: Auburn, IN Hamfest at the Auburn Cord Dusenber Museum. Go to <https://w9ou.org/> for more info.
- August 15: East Central Indiana Hamfest at Randolph County 4-H Fairgrounds. More info at <https://www.facebook.com/pages/category/Social-Club/East-Central-Indiana-Ham-Fest-595538614235868/>
- November 14 and 15: Fort Wayne Hamfest. Go to <http://fortwaynehamfest.com/> for more info.
